Hosting Your FuXion Preview!

Step 1:

Schedule Your FuXion Preview!

You've decided to start your FuXion business... It's time to put the pedal to the metal and have your Grand Opening! Make sure to complete your X Tribe **Xccelerator Guide** with your sponsor (www.xtribeonline.com/Xccelerator-Guide.pdf)

Whether you're just looking for customers, or looking to build a big business, your fastest track to success is talking to 10-20 people in the first 10 days about these amazing products!

To expedite the process:

1. Schedule a few (usually 3 in your first 10 days) meetings - "FuXion Preview".
2. Invite enough people to have 3-10 people at each meeting. Remember, you need to invite more (15-20), to have 3-10 in the room.
3. Use the third party tools below to present the products and business.
4. Show **your excitement!!**

Your goal is to find those who express an interest - and enlist your best and brightest early! This activity will ensure you have enough prospects looking at FuXion to develop a stable base of happy, preferred customers and to find those who express an interest in building a business - like you are. By having two or three events to choose from, most everyone will find one to attend.

Step 2:

Preparing for Your Events

1. Make a list of prospects and invite them to your home. (Xccelerator Guide: your list and inviting scripts)
2. Keep the meeting and the preparation to it, very simple, so everyone is comfortable doing a meeting in their home. Any home is great!
3. Remove all distractions before the presentation (phone, pets, etc.). We love children, but this is a business meeting, so make arrangements so they will not be a distraction.
4. Do not move the furniture in the home.
5. Confirm with your sponsor - are they joining you or calling/Skyping in.
6. Have pitchers mixed with On and VitaEnergia
7. Prepare prospect packets to include:
 - Product Brochure (either order from Offix or print from www.FuXionXtribe.com)
 - Price List (www.FuXionXtribe.com)
 - Product Samples (if yours have not arrived, yet, connect with your sponsor)
 - X Tribe Team Member Application (www.FuXionXtribe.com)

8. Have Xccelerator Guides printed to give to anyone interested in the business
9. Make sure your personal calendar is up-to-date so you can schedule your new team member's **FuXion Preview's** right away!
10. Have the videos ready to show. If your Internet is not fast, download them onto your computer. (See instructions at the end).

Step 3:

Hosting the Events

To prepare for a smooth, fun-filled experience, you will want to have everything ready ahead of time. Your sponsor should arrive 30 minutes before you expect your guests.

1. Never mention the people who are not there. Remember to focus on the ones who are there and show them respect. Start the meeting on time or max 15 min after.
2. Open the meeting with a personal statement. Something like: "Thank you so much for coming. I am so excited to share with you my new business. It is very important for me to have a chance to show you what this is all about. Please silence your phones as we watch these videos. While you watch, you will naturally think of people these products or business opportunity can help, please be sure and make note of them as they come to mind."
3. Play the videos.
 - Introducing FuXion Video (5 minutes) or FuXion Opportunity (3 min). Summarize by shortly emphasize 3 things that get you excited about the company and the opportunity.
 - Introduction to FuXion Products (5 minutes). Using the product brochure, talk about the four categories of products, highlighting one or two of your favorites in each category. Use the descriptions in the brochure as a guide on the correct way to talk about the products. Again, emphasize 3 reasons you love the products.
 - FuXion Evolution Plan Video (10 minutes). Summarize with 3 things that get you excited about the Evolution Plan.
4. Next hand out your prospect packets. They should include:
 - Product brochure
 - Price list
 - Product samples
 - X Tribe Team Member Application
5. Explain to your guests the juices they've been drinking are actually FuXion products.
6. Introduce and edify your upline, or the one who is supporting you, and let him answer questions.
7. Close with emotion. For example: "I hope you understand why we are so excited about these products and this opportunity, and why it was very

important to us that you see it. I hope you understand why this is a very special point in time".
